

# SAFeway- PROTECT YOUR CUSTOMERS FROM MERCURY!!

Dear Steven A. Burd (Safeway CEO),

Mercury is **NOT** an "ingredient for life"! I am a customer of Safeway because I appreciate your products and customer service. I am, however, concerned that Safeway stores are not posting signs nationwide warning of mercury in seafood. **Please place warning signs similar to the ones in California in all of your stores. Furthermore, I urge you to regularly test seafood and remove any that exceeds the FDA action limit of 1 ppm of mercury.** This will help protect **all** your customers from the toxic effects of mercury. Thank you.

\*\*\* PLEASE PRINT LEGIBLY (see example) \*\*\*

Name & Title (e.g. Dr, PhD)	Address (& Institution)	Email (and/or Phone)	Take Action
